

**Name**

ESTIV best poster award.

**Donor**

The European Society of Toxicology *In Vitro* (ESTIV).

**Description**

ESTIV will grant a best poster award, including 500€ and 1 year (2021) free ESTIV membership, to a PhD student or young scientist ( $\leq 35$  years old) presenting her/his research work in the field of *in vitro* or *in silico* toxicology per poster as first author during the 11th World Congress on Alternatives and Animal Use in the Life Sciences taking place 23-27 August 2020 in Maastricht-The Netherlands. The winner will be selected based on scientific excellence, innovation and clarity of the poster presentation. Eligibility also includes presence during the closing ceremony of the 11th World Congress on Alternatives and Animal Use in the Life Sciences, as the winner will be announced at this occasion.

**Application**

Attendees of the 11th World Congress on Alternatives and Animal Use in the Life Sciences need to indicate their interest in the ESTIV best poster award by sending the following documents to ESTIV President Mathieu Vinken (mathieu.vinken@vub.be) at latest by 1 August 2020:

- *Curriculum Vitae*.
- Supporting letter from the supervisor or the head of department.
- Abstract as first author submitted for poster presentation to the 11th World Congress on Alternatives and Animal Use in the Life Sciences.
- Proof of registration for the 11th World Congress on Alternatives and Animal Use in the Life Sciences.
